

Post-results fees for exam series:

September 2011 to August 2012

Post-results fees: when we do and don't charge

- Fees for scripts requested separately via Access to Scripts will always be charged
- Review of moderation: we do not charge if your centre marks are re-instated. In all other cases the full review of moderation fee will be charged whether or not specification grades or module grades change
- Stage 1 and stage 2 appeals: we do not charge if you win your appeals.

For modular mark review or clerical check – fees per student

Example 1: specification grade and its unit grades

A specification grade changes

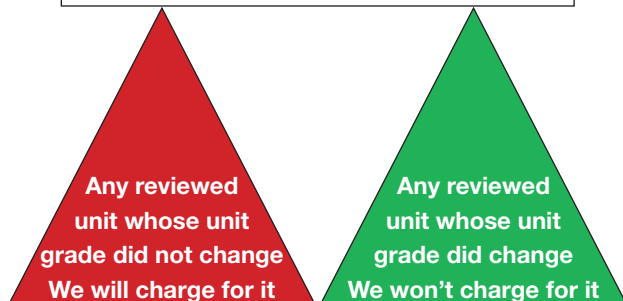

- Green = **no** charge
- Red = AQA charges

If the specification grade changes: **all** reviewed units below it are free of charge even if their own unit grades did not change.

Example 2: specification grade and its unit grades

A specification grade does **not** change, or the student has not aggregated

If the specification grade does **not** change, or the student has not aggregated:

- units whose unit grades did **not** change will be charged
- units whose unit grades did change will be free of charge.
