

Private Candidate Centres

PRIVATE CANDIDATE CENTRES

- It is your responsibility to find a centre that will accommodate you for your examinations.
- This list of centres is general. It includes all AQA approved centres that have indicated that they may accept entries from private candidates for AQA examinations. AQA cannot provide you with detailed lists of centres for the subjects in which you are interested.
- All private candidate entries are accepted at the discretion of the Head of the Centre. In most cases, a centre will normally only accept an entry from you if it is entering its own candidates for the Specifications you are interested in entering, or has other AQA examinations scheduled at the same time as the papers you wish to take. AQA has no power to direct a centre to accept your entry if the centre refuses to do so.
- If you are unable to find a centre from this list that is willing to accommodate you, please try contacting your local schools or colleges as some centres may still be willing to accept entries from private candidates even if they have not notified AQA that they might do so.
- The left hand column of each table holds the National Centre Number allocated to each centre. The right hand column holds the centre telephone number(s).
