General Notes

1. **STARTING TIMES OF EXAMINATIONS.** Each examination must be taken on the day and at the time shown on the timetable. The published starting time of all examinations is either **9.00am** or **1.30pm**. Candidates taking more than one examination in a session should take these consecutively. A **supervised** break may be given between the examinations taken consecutively at the discretion of the centre.
2. Centres may start an examination up to 30 minutes before the published starting time without notifying AQA.
3. Centres may delay the starting time of an examination within the scheduled session without notifying AQA **but candidates must be supervised from 9.30am for morning examinations or 2.00pm for afternoon examinations.**
4. No other departure from the timetable is permitted without the prior written approval of AQA. Applications for such changes for January 2009 examinations must be received by **30 November 2008** and for May/June 2009 examinations must be received by **30 April 2009**. When a change is made to the published starting time of an examination, it is the responsibility of the centre to inform all candidates affected by the alteration.
5. Candidates must remain under supervision until **10.00am** for morning examinations and **2.30pm** for afternoon examinations. For examinations of less than one hour's duration, candidates must remain under supervision for a period equal to the duration of the examination **after the published starting time** shown on the timetable.
6. **EARLY INFORMATION.** Some components require the issue of question papers, stimulus material or other information in advance of the normal timetable period. Centres should check the specification for information on the material required by candidates.
