Level – Entry level

*All outcomes are clear and specific where needed, eg 'at least x', and do not use words like 'some' or 'a range of'.
The student, teacher and UAS will all know exactly what, and how much, has to be done for each outcome to be achieved.
The student is given full credit for everything undertaken.
Bear in mind that others may use your unit so avoid, if possible, naming specific venues/locations/attractions.*

The level is correct, reflecting the demands of the outcomes and evidence.

The overall unit represents an achievable, worthwhile and coherent area of study. For more guidance on writing units, see the Guide to Writing and Submitting Units and the Unit Writing Training Presentation on the UAS website.
